Magazines for Disabled

ABLE Community Based Services, a division of the Council for Developmental Disabilities, recently announced the kick-off of a magazine sales campaign. Forty percent of all proceeds will directly benefit service recipients in Norman.

Free movie tickets also will be awarded to ABLE's developmentally disabled individuals. The campaign offers magazine readers a way to brighten the holidays for so many individuals and receive over half off the newstand price.

Visit the ABLE Magazine Store at [www.ABLEinNorman.org](http://www.ABLEinNorman.org) for subscriptions and renewals. In Norman for the past 25 years, the ABLE Community Based Services is a private non-profit organization providing many resources for individuals with developmental disabilities.

Through ABLE programs men and women are able to lead productive and meaningful lives by acquiring self-sufficient living abilities and marketable work skills. The organization helps people with disabilities expand their options of lifestyle, housing and employment.
